m998 Mid-Tower ATX Case

m998 Mid-Tower ATX Case

Named after one of the world's toughest and most versatile military vehicles, our new m998 ATX Mid-Tower PC case will become your ultimate gaming weapon, as well as a dynamic multimedia chassis that promises years of digital entertainment. Striking a commanding presence with its sleek design and durable 1.5mm aluminum construction, the m998 offers 11 drive bays, along with front eSATA, Firewire, and USB audio ports. Two powerful yet quiet front and rear 120mm fans, plus Ultra's superior airflow architecture, keep even the most heat-intensive components cool and at optimum performance.

This superb new case also features removable panels for easy, tool-free access, and Ultra's exclusive Power Bar power distribution system. Component installation and maintenance is a snap, because you can remove all the m988's panels for simple, tool-free access. And you can replace the front Firewire/audio/microphone/eSATA bracket with virtually any PCI slot-type bracket. Whether you're a gamer, movie buff, or someone building an extremely powerful system – the m998 is the perfect fit. A rugged and versatile warrior that's ultra-sophisticated and military tough.
